CARTRIDGES FOR FULL FACE & HALF MASK RESPIRATORS

Shalon Chemical Industries manufactures a wide range of cartridges for different types of gases, vapors and particles. These cartridges can be supplied both with Shalon's full face and half-mask respirators. The connection of the cartridge to the face-piece is a bayonet type, which enables fast, easy and secure connection.

NIOSH Approved Cartridges

The cartridges are supplied in one of the types or combinations of them.

Cartridge Type	Hazardous Substances
AG	Acid Gases - Chlorine, Hydrogen Chloride, Sulfur Dioxide.
OV	Organic Vapors - CCl ₄ .
AM	Ammonia, Methyl-Amine.
FORM	Formaldehyde.
FORM/AG	Formaldehyde and Acid Gases.
