

HALF MASK RESPIRATORS

INDUSTRIAL RESPIRATORY PROTECTION

SHALON 
CHEMICAL INDUSTRIES LTD.

THE HOME FOR HOMELAND SECURITY

HALF MASK RESPIRATORS

Shalon's dual cartridge negative pressure half mask respirators are designed to protect the respiratory organs against industrial toxic chemicals. They provide excellent protection with superior comfort, through their design of ergonomically correct face-piece (3 sizes) with a soft, comfortable, yet firm fit.

Features

- Created with economy and ease-of-use in mind.
- Unique design resulting in an excellent seal.
- Lightweight with effective lasting protection for extended duration wear.
- Specially formulated elastomeric material combining superior chemical permeation resistance and durability, with smooth soft feel.
- Available in synthetic and silicone rubber.
- Comfortable, easy-to-use cradle headband set with quick release buckles system for easy donning, simple adjustment & fast removal.
- Easy and secure quick connection (bayonet) of cartridge to face-piece.
- Comes in three sizes: S, M, L.

NIOSH & EN-142 Approved Respirator

Model: HAF 1 Dual cartridge negative pressure half mask.
